

# CPU BOARD

149H179

(PCB 052H402A)

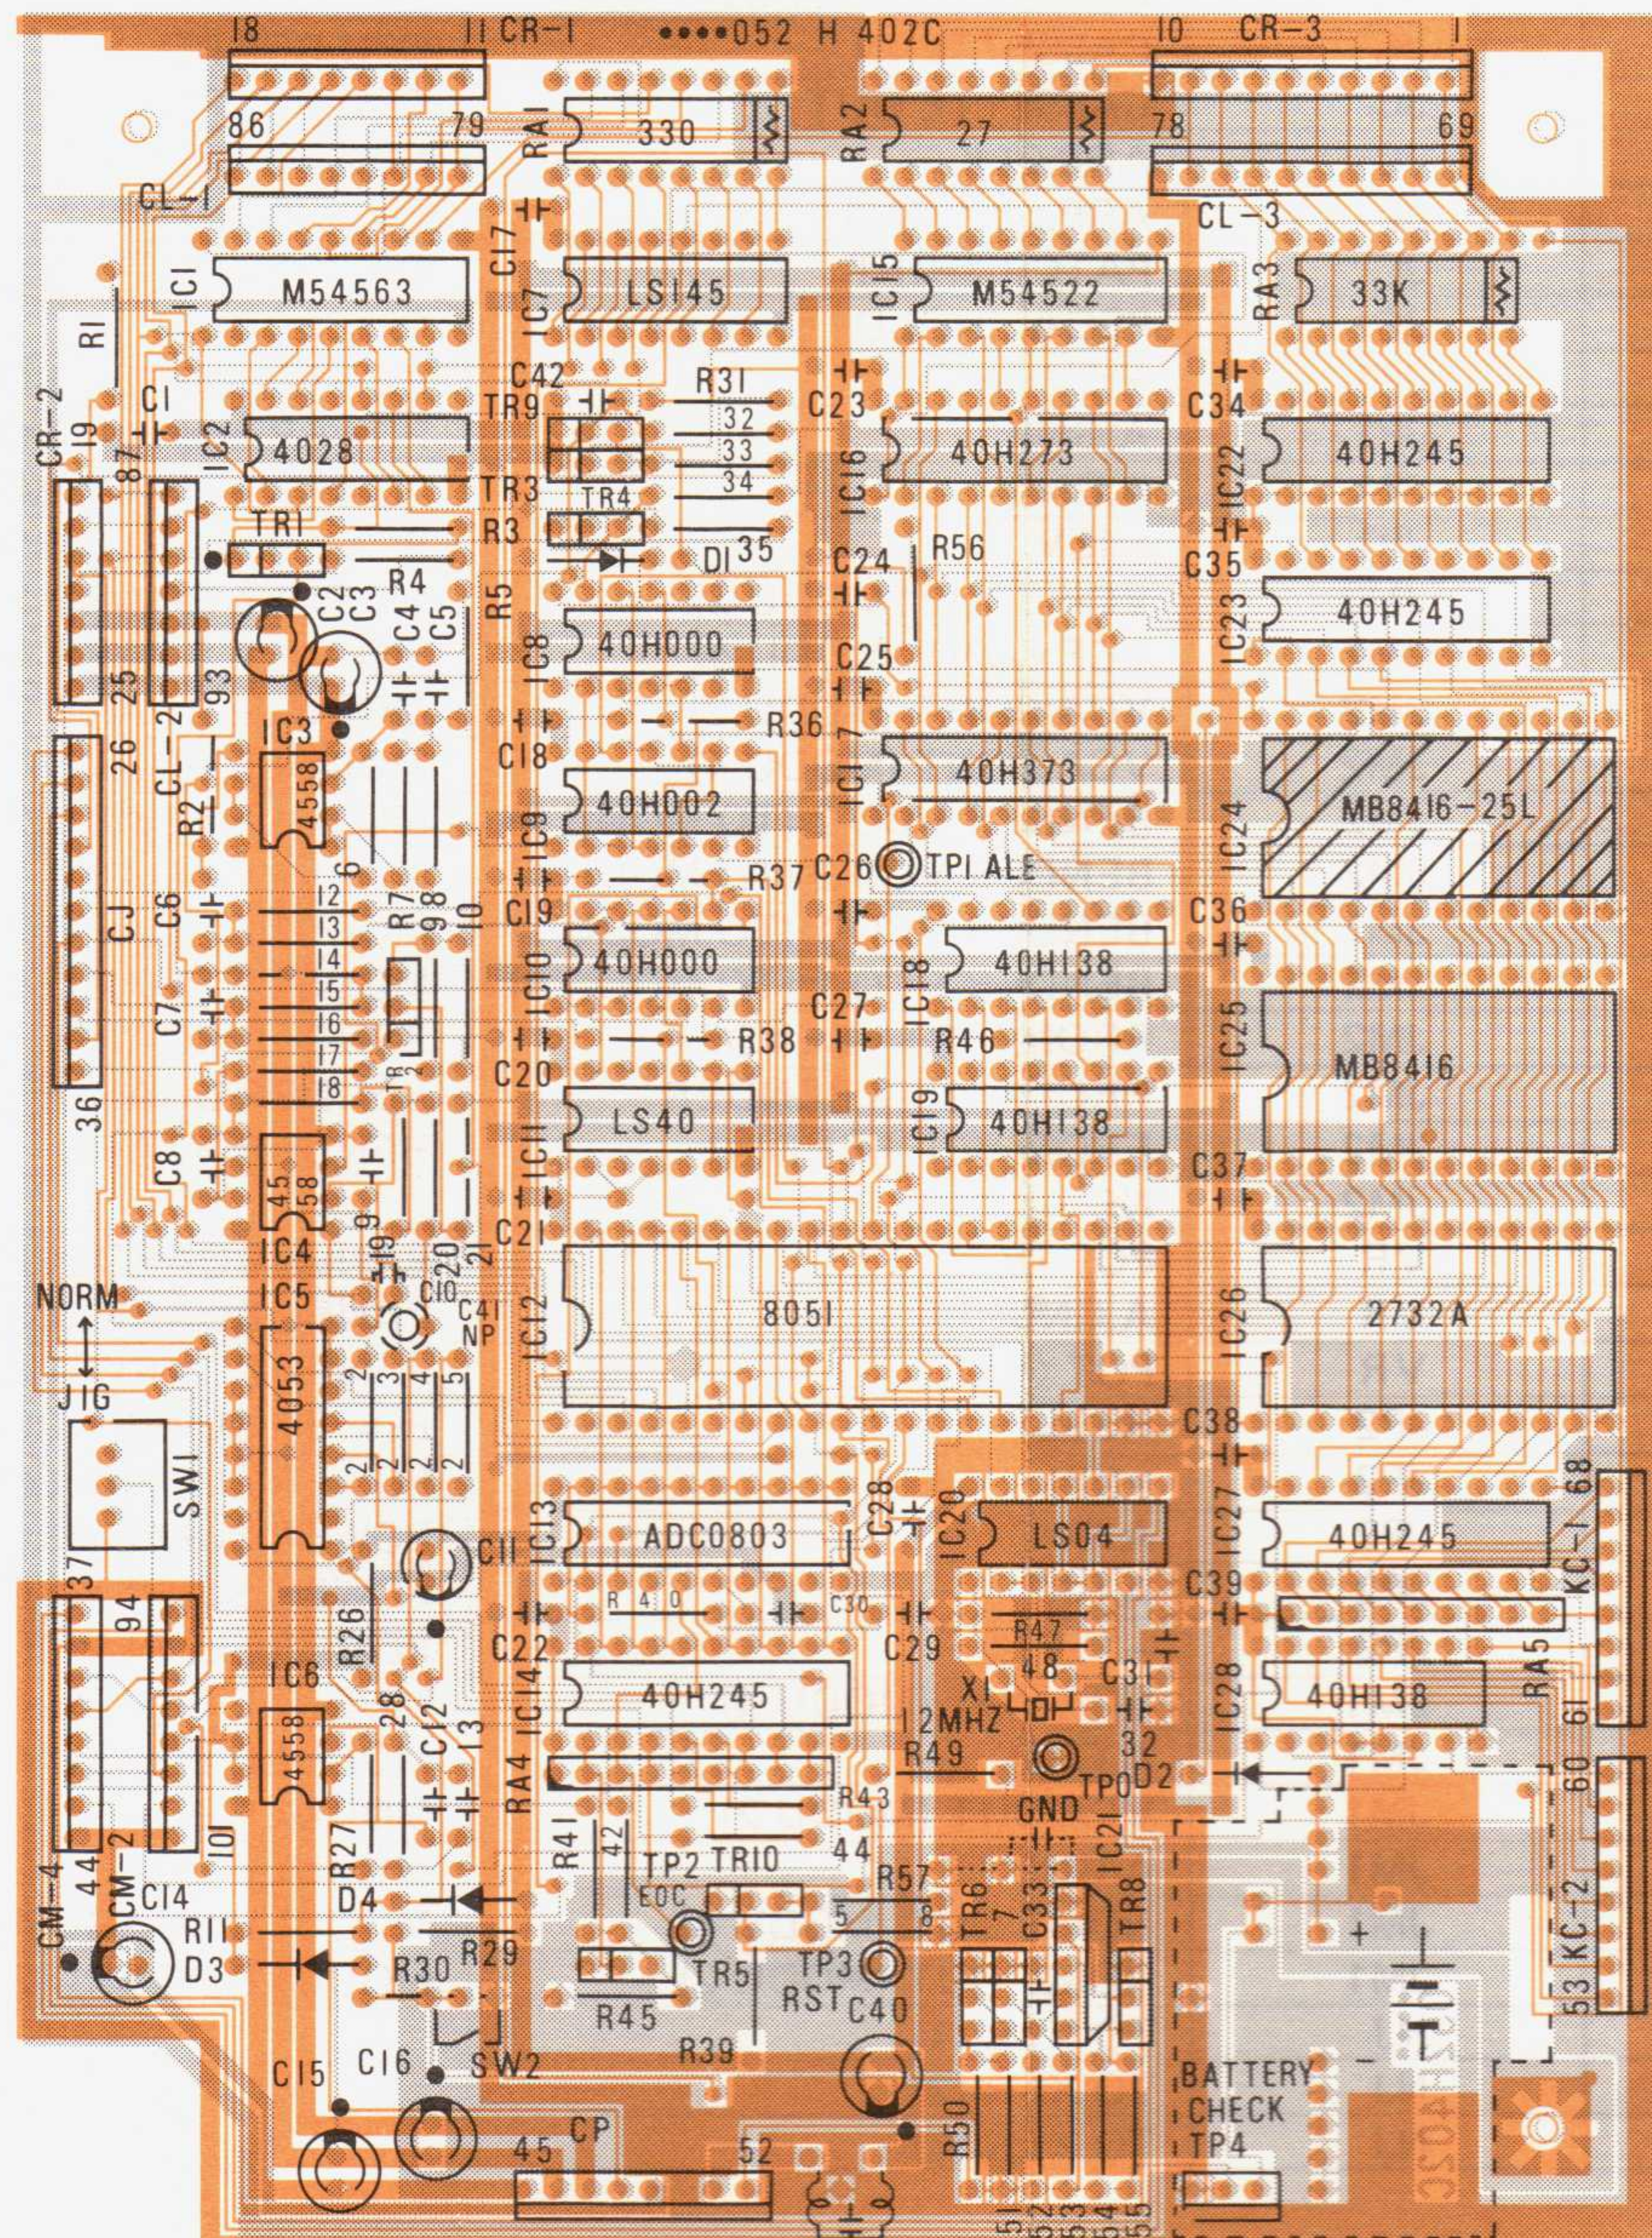

(PCB 052H402C) SERIAL NUMBER 311800 AND UP

052H402B SERIAL NUMBER 280650-311799

Similar to 052H402C except

some components are surface mounted.

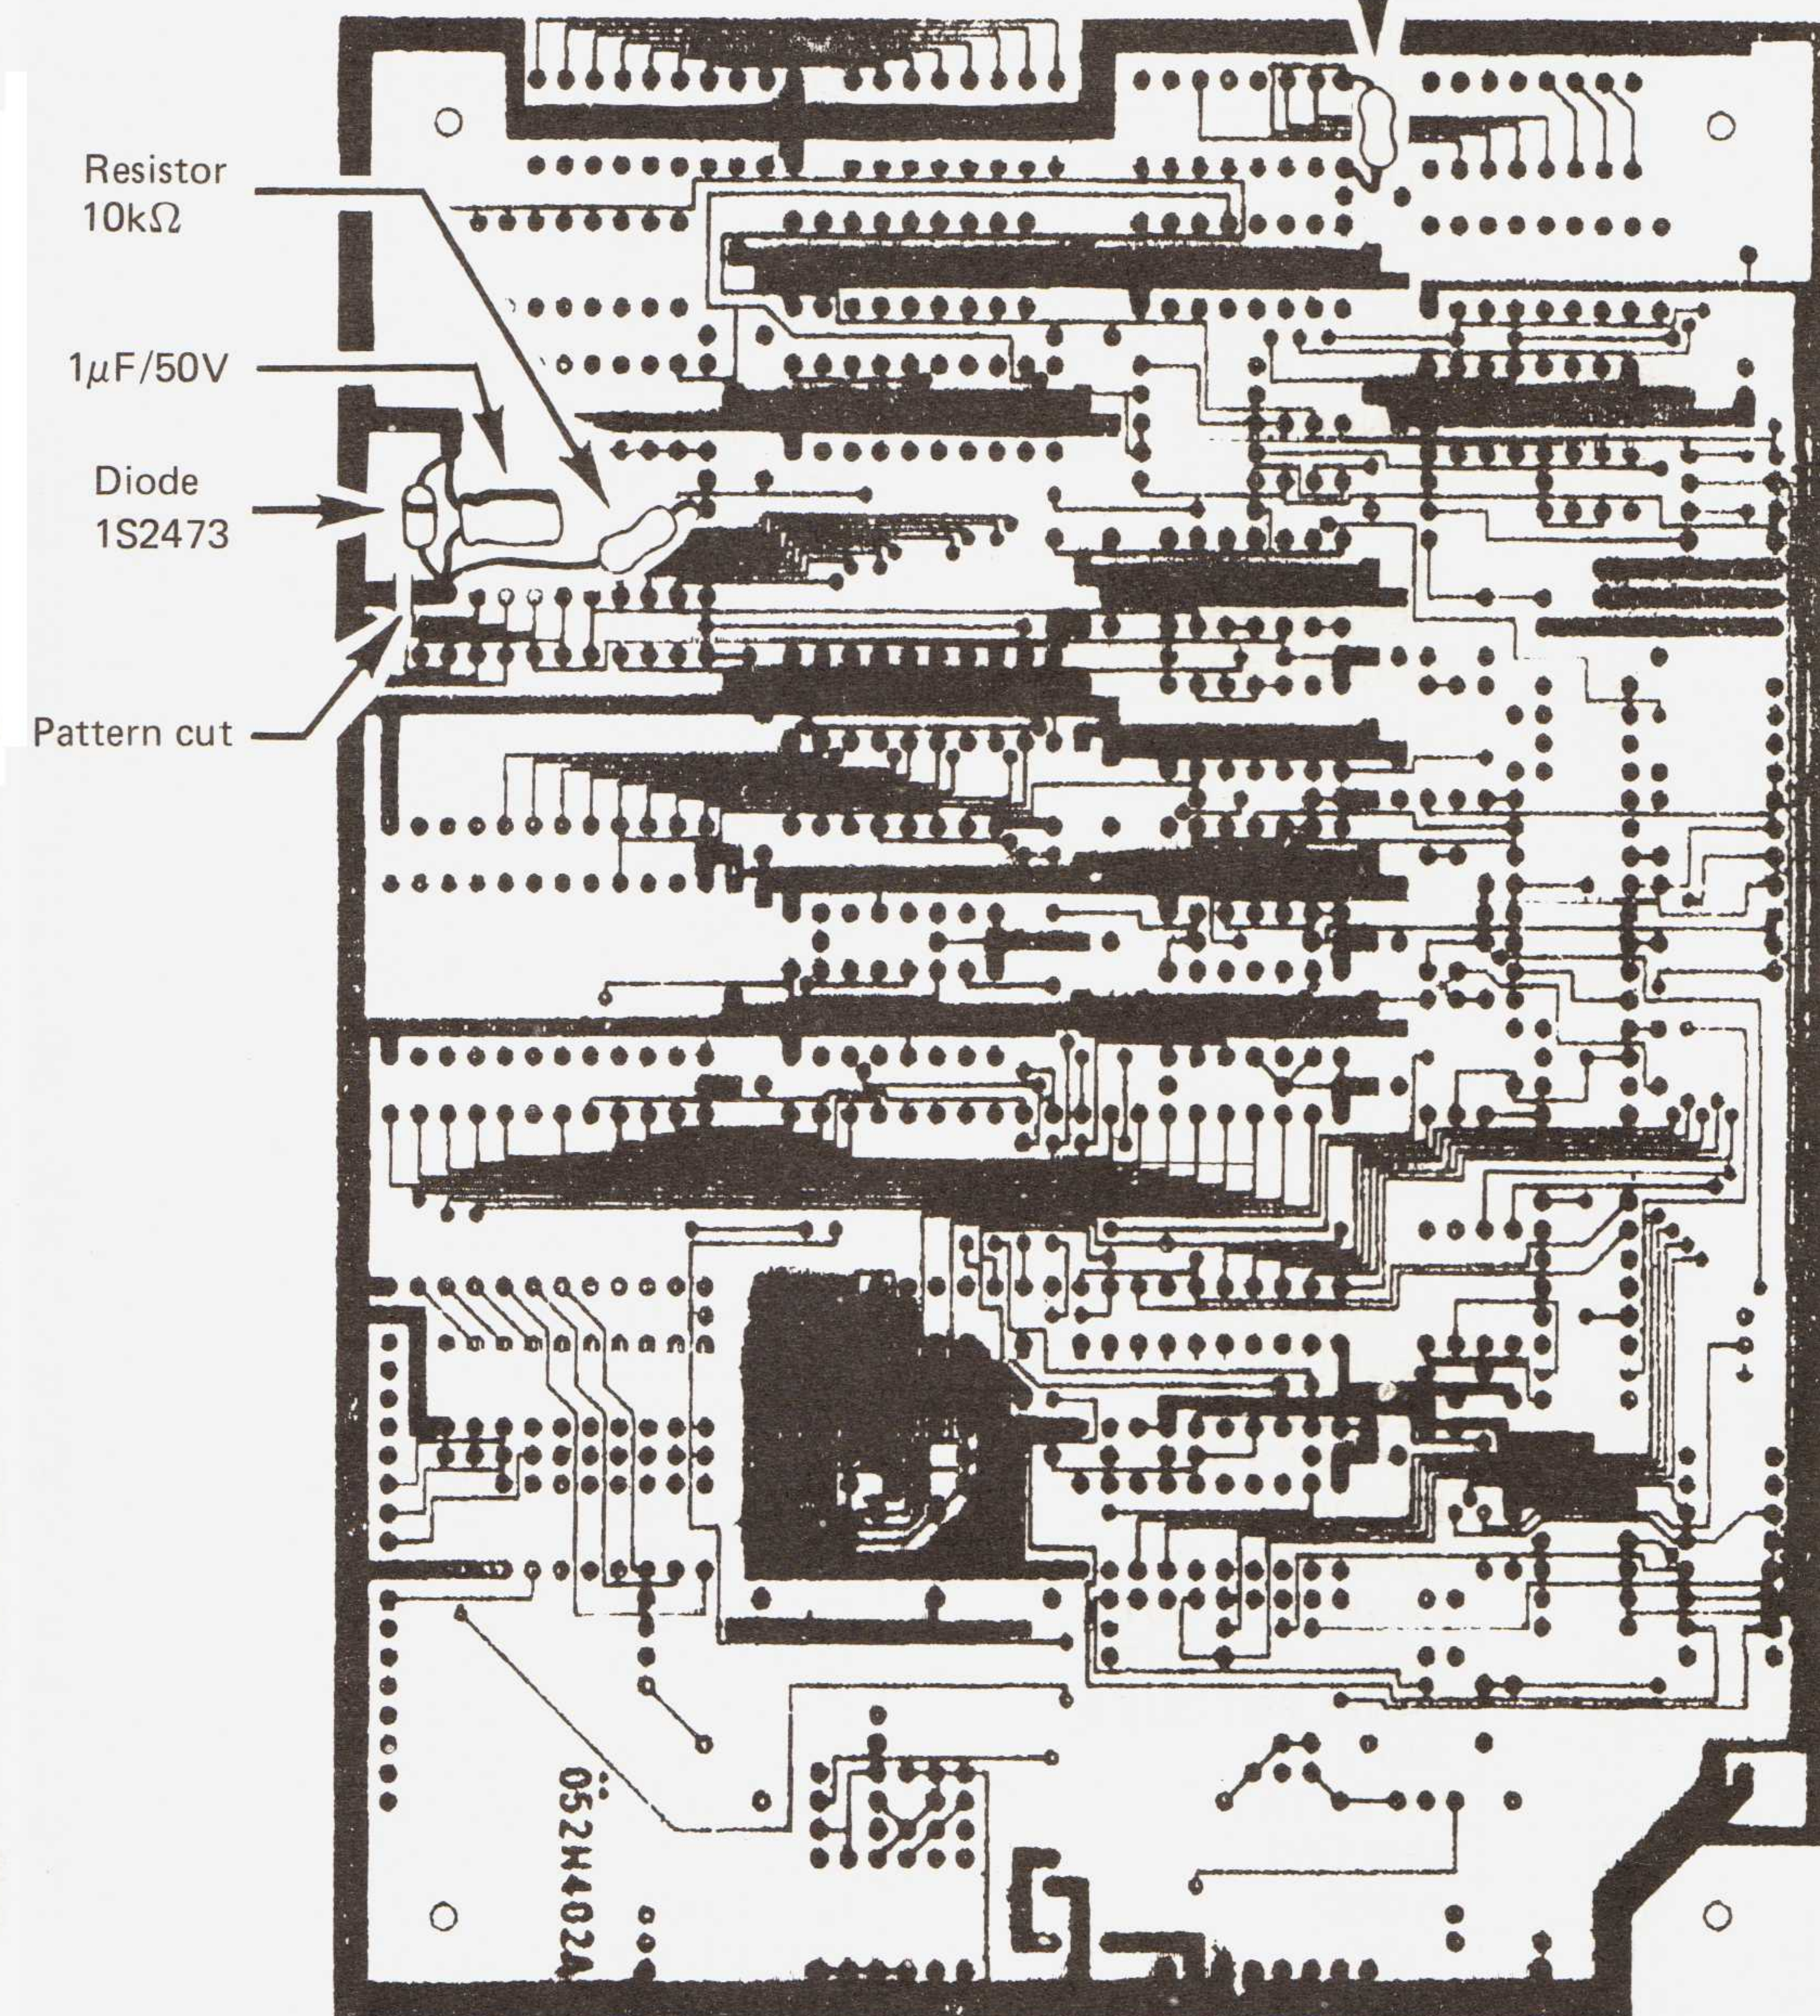

## MODIFICATION

For positive switch scanning in TAPE modes.

See detailed information in PANEL BOARD R

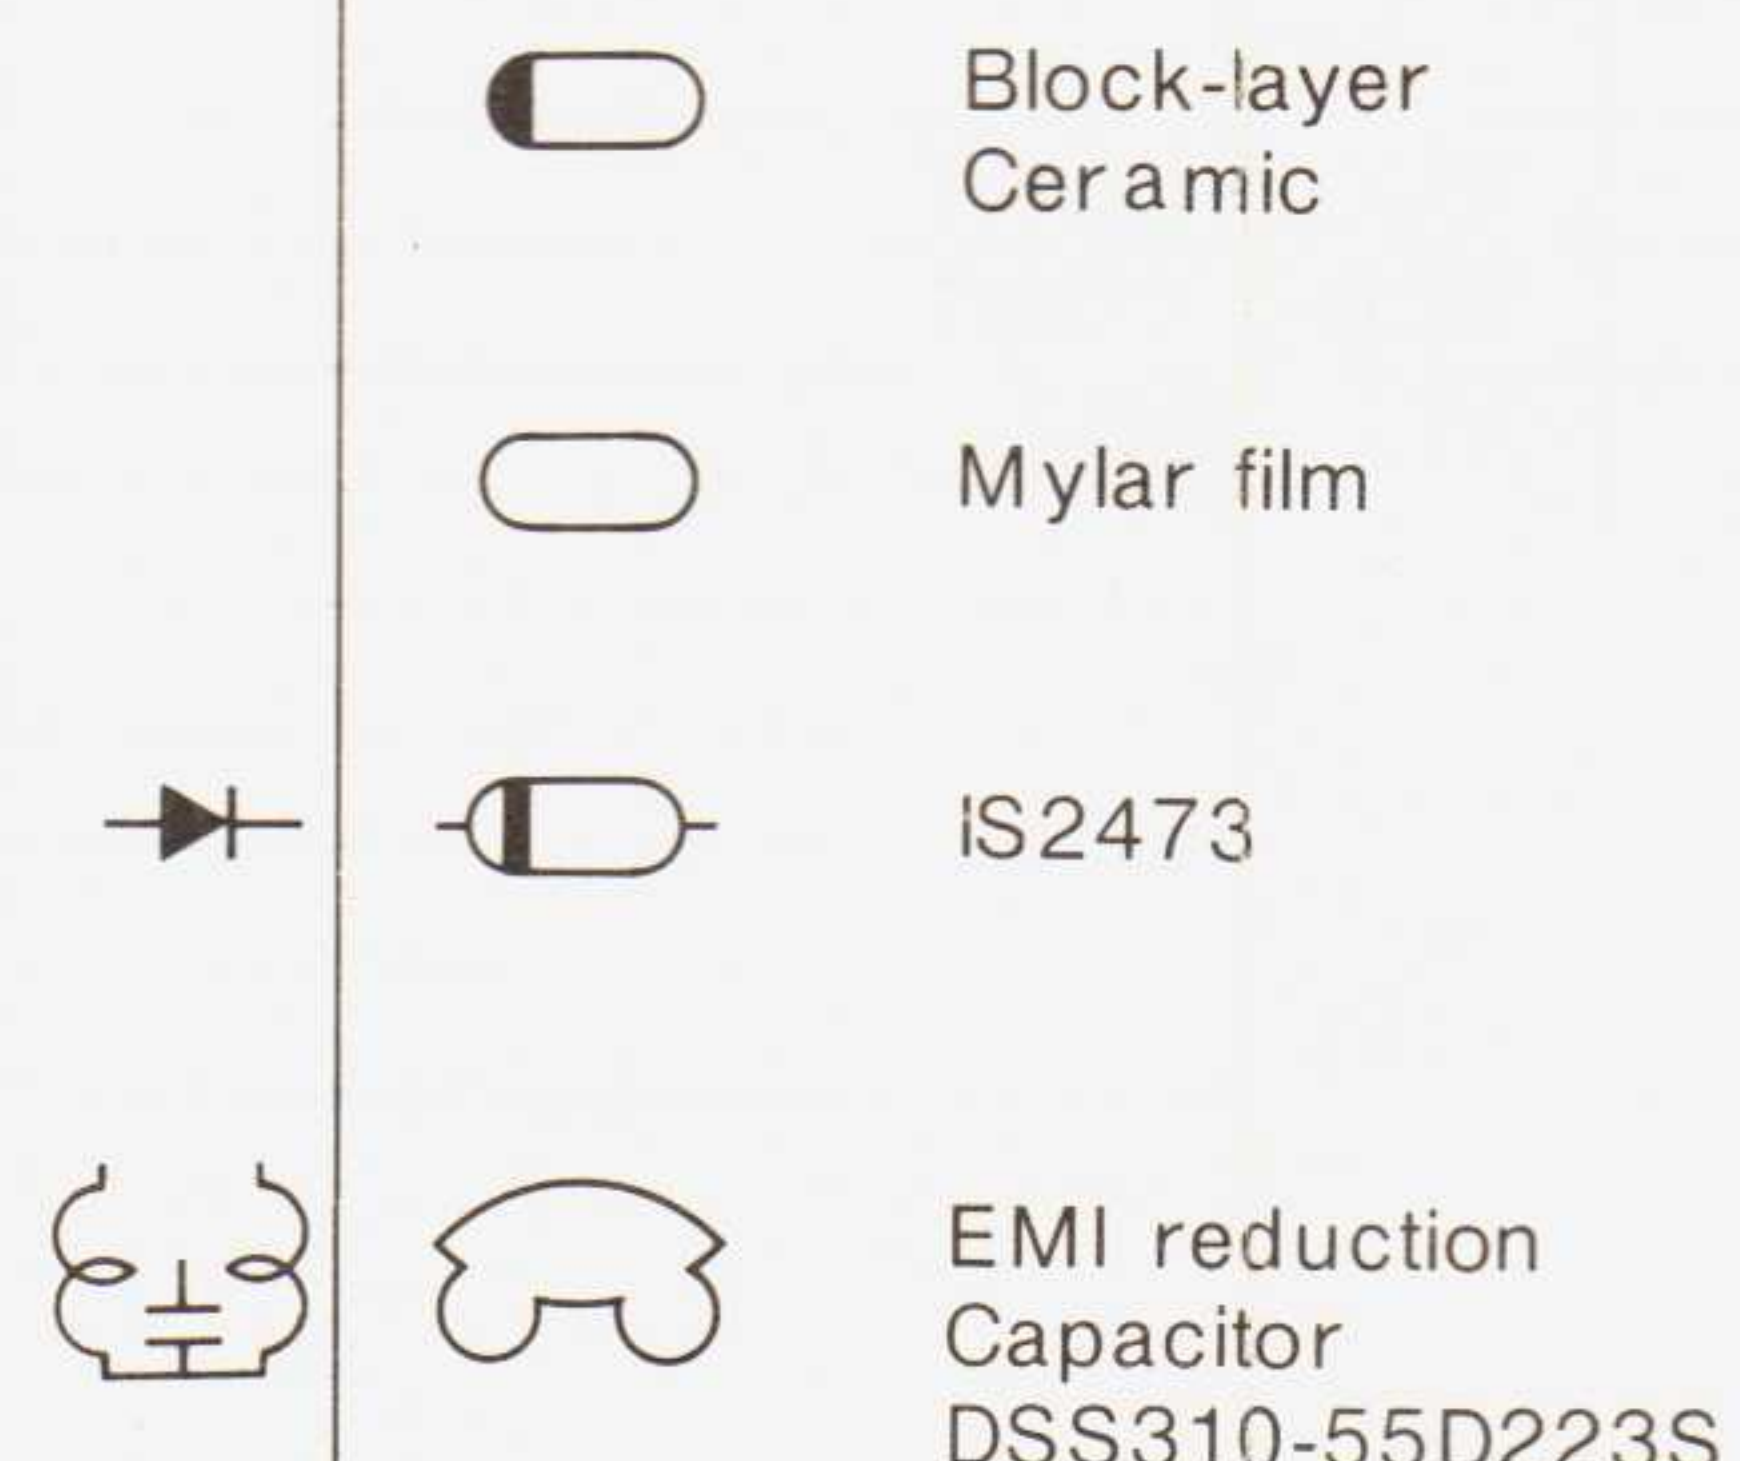

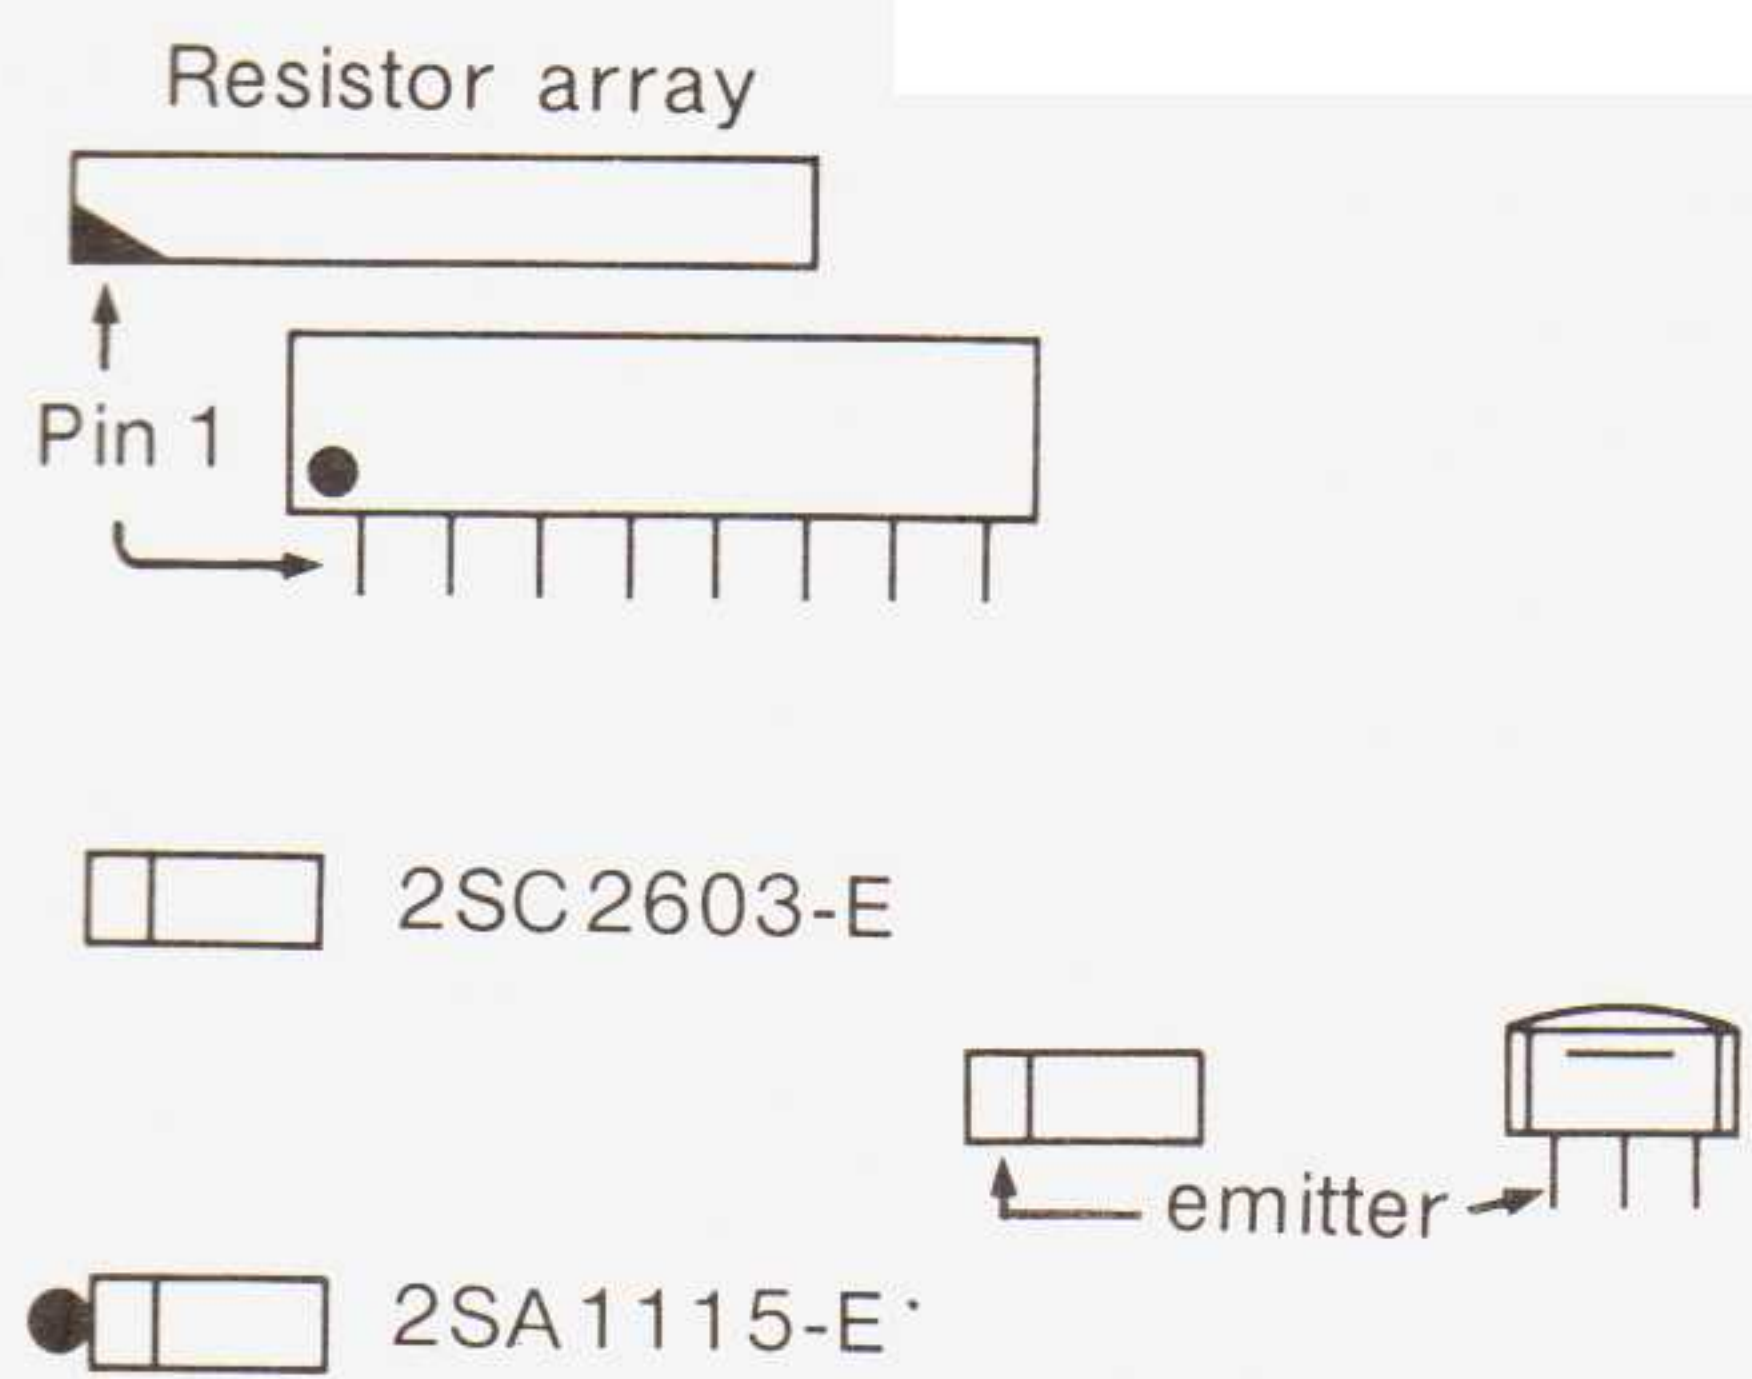

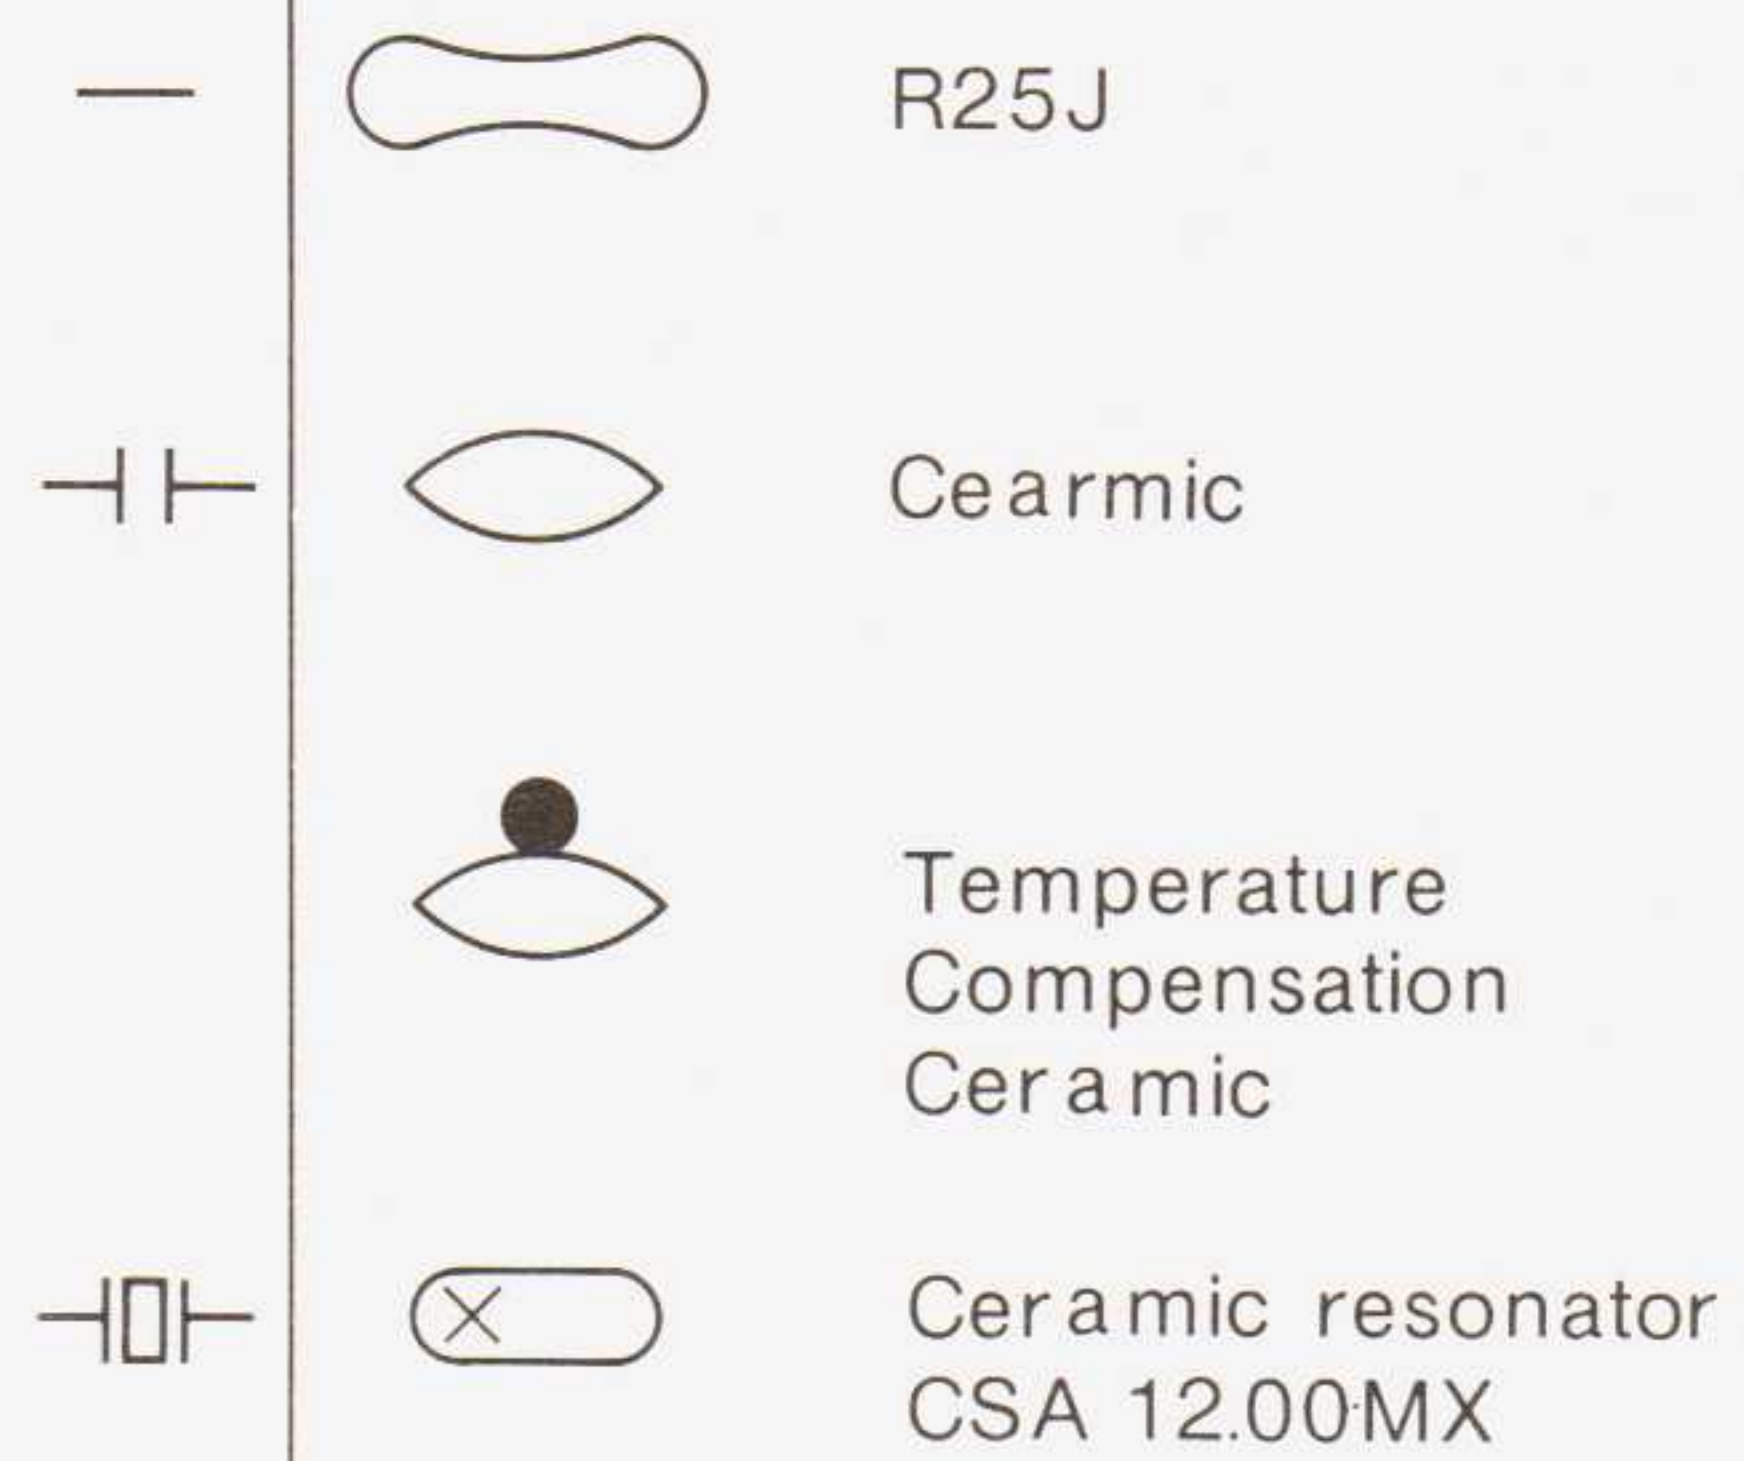

### Circuit Diagram.

Resistor  $33\Omega$

**View from foil side**

This modification is unnecessary when TR3, R24, R25 and R26 are present on PANEL BOARD R.
